Chairman's Statement

TeachBahrain should be our students' second home.

“ A great teacher can reach the heart of a student and teach him how to truly live. At TeachBahrain we believe in nurturing Creativity, Individuality & Intellect

Imtiaz Akbar

CEO / Founder

I dreamt of a future where education would not be forced but loved. In my time, schools were built to discipline children and breed employees. I created TeachBahrain with the ideology that caters to a child's natural instinct to learn, to come to love education, and become independent in their career choices.

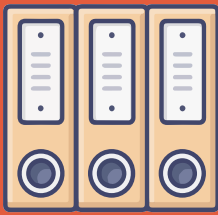

Throughout my long career, it has never been more important for companies to play their part in wider society. We want to make our students love education. Education should be something they understand and want for themselves, rather than being forced.

Students here learn to be independent and follow the path which their hearts desire.

Building a source of motivation is necessary for forming a measurable and consistent approach to learning.

Why Study with Teach Bahrain

Individual & Customisable

No cookie-cutter frames here, at TeachBahrain we don't use a one size fits all approach. Our students have a lot of freedom to design their courses; from duration to schedules, selecting teachers, and even learning styles. Learners are at the core of our institution.

Transparent & Trustworthy

TeachBahrain endorses a voluntary parent-counselor bond, we understand that a majority of our courses deal with youngsters and welcome caring parents.

Nurturing

We realize that all students have different strengths, dreams, gifts & needs, and unlike most traditional educational institutions, we run our life skills, character building, career management & personality development programs parallel to academic education.

Statistical & Quantifiable

We focus on collaboration instead of competition. The scales of progress used at TeachBahrain show the absorption, retention, and motivation rates of students, who are not defined by a letter or number. We provide a structured approach to learning. Each subject has a detailed lesson plan and timely assessments that help students grow organically. Every student has a private student co-ordinator who creates and distributes periodic progress reports.

Freedom of Learning

In an age of technology, our prime focus is on delivering learning skills, as most students can and should acquire knowledge seamlessly. TeachBahrain prepares all students for their future by creating an outstanding student who knows how to learn independently.

The Experience

Our faculty is young, cheerful, and friendly; we focus on creating a fun environment for learners. Our ambiance is welcoming and homely, and a lot of attention is paid towards making students psychologically associate learning to fun.

Core Values

Commitment, involvement, dependability, loyalty and efficiency are just some of the principles by which TeachBahrain strives to educate and encourage students.

How TeachBahrain Works?

All students at TeachBahrain undergo a personality test that informs our faculty about their learning styles, career paths, strengths, and weaknesses.

We then follow a goal-based strategy where all students are provided dedicated career counseling: developing independence, maturity, and a responsible attitude about learning.

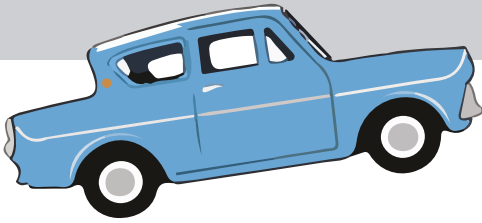

Our first goal is to build a solid base for our students and then gradually help them get ahead of the class, this instills leadership and confidence in their personalities which nurtures self-improvement and a sense of belief in personal capabilities.

Our Objectives

We have a mixture of the world's best educational practices - Norwegian, Finnish & Japanese, to ensure the highest quality of education.

We advocate a balance of intelligence, emotions, health, spirituality, personality, and career.

- ➔ By teaching students to manage their emotions we prepare them for the challenges of life,
- ➔ By teaching students to develop spirituality we teach them to find peace within themselves,
- ➔ By promoting health at the academy we teach them to take care of their physical well being,
- ➔ By creating a strong source of motivation (Career Portfolio), we teach students the importance of having good intellect,
- ➔ By teaching students the significance of time management, we help them create a better version of themselves.

The Student Journey at TeachBahrain

We understand you're at the start of your journey towards applying to educational institutions, and that TeachBahrain is only one of the places you will be considering – so we'd love to tell you a bit more about ourselves.

Chances are that you are probably well aware of TeachBahrain's academic reputation, but that's only part of what studying here can offer you. TeachBahrain is packed with possibilities, and everyone has the chance to carve out their individual experience and make TeachBahrain their own.

”If you judge a fish by its ability to climb a tree it will live its life believing that it's stupid”

- Albert Einstein

STUDENTS MAY BE 20% OF OUR POPULATION BUT THEY ARE 100% OF OUR FUTURE.

Kindergarten

(AGE 4)

We begin with developing basic mathematical skills, along with reading & writing in several different languages, and a lot of playtimes!

Primary School

(AGE 4-6)

Students learn comprehension and composition and begin diversifying into areas like computing, history & science.

Middle School

(AGE 6-9)

We begin focusing on personality & character development. Students learn the importance of confidence and independent learning. While some learn to program games and design their bedrooms in 3d!

High School

(AGE 9-13)

Career management & life skills help imbue time management and leadership skills. Students take advantage of our diverse range of subjects.

Pre-University

(AGE 13-18+)

Students enjoy the highest range of subjects offered anywhere in Bahrain and specialize in the career of their choice. Our entrepreneurship program and detailed career, university & scholarship preparation begin.

Safety & Anti Bullying

TEACHBAHRAIN HAS A VERY STERN STANCE AGAINST BULLYING, AND OUR LEARNING ENVIRONMENTS ARE HIGHLY MONITORED

Our teaching staff receives special training to combat bullying and its effects. It is extremely important to us that students feel safe at **TeachBahrain** and learn with freedom.

As a safety measure, we do not have any common restrooms and instead, all our classrooms are equipped with **built-in** restrooms.

Our counselors work individually with each student to instill vital social and emotional skills, provide a restorative culture, and model positive forms of communication, to combat bullying. This approach has proven to be highly effective amongst both our primary and secondary level students.

APPROXIMATELY
160,000 TEENS HAVE
SKIPPED SCHOOL BE-
CAUSE OF BULLYING

THE MOST COMMONLY
REPORTED TYPE OF BULLYING

79% VERBAL HARASSMENT

50% SOCIAL HARASSMENT

29% PHYSICAL BULLYING

25% CYBERBULLYING

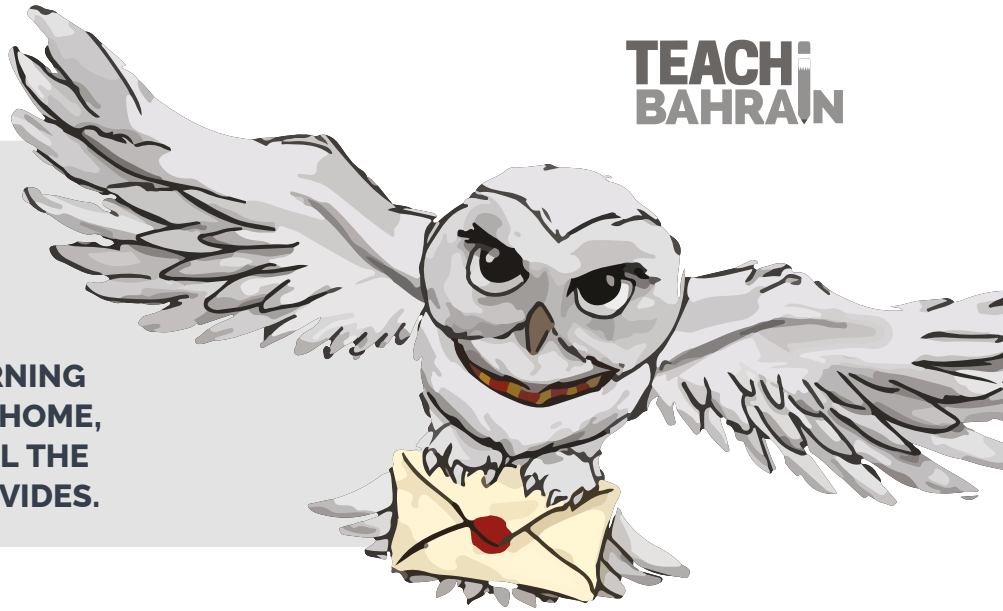

”
AT TEACHBAHRAIN - SNITCHES DON'T GET STITCHES

WE COMBAT THIS BY :

- ✓ Listening, without judgment, when students discuss any perceived bullying; and being reachable to students at all times.
- ✓ Raising awareness in class as to what bullying is and isn't.
- ✓ Teaching students to respond to bullying behavior confidently. To dismiss bullying with humor and to confidently walk away from bullying.
- ✓ Helping kids understand that if they are being bullied, they should stay near teachers, coaches, or a big group of friends whenever possible.
- ✓ Finally, by ensuring that all students can reach a teacher, counselor, or co-ordinator at any time to speak about any bullying that is taking place, and building faith in our stern stance against bullying by either expelling bullies or taking serious action.

Freedom & Liberty

AT TEACHBAHRAIN THE LEARNING ENVIRONMENT IS A SECOND HOME, AND STUDENTS SHOULD FEEL THE COMFORT THAT A HOME PROVIDES.

WEARING A UNIFORM LIMITS SELF-EXPRESSION

Expression

- ✔ We value our students' comfort above everything else and maintain a no uniform policy.
- ✔ We believe that many individuals use the way they dress to express themselves and to identify with certain social groups.
- ✔ Many students feel that they lose their self-identity when they lose the right to express themselves through fashion.
- ✔ Sensitivity about body image and feelings of insecurity in this area can have lasting effects.

True Freedom

- ✔ Creating a balanced personality to cope with the everchanging struggles of life.
- ✔ We help our students achieve true freedom by helping them reshape their daily habits.
- ✔ We begin by reinforcing a strong identity and helping them create daily processes to achieve great results.
- ✔ Our students can remain focused for prolonged periods because they learn to get used to the repetition of life.
- ✔ We help them nurture a balanced personality that is fit to lead tomorrow.

Career Planning

**CAREER DEVELOPMENT IS
A LIFELONG PROCESS**

Every person's career journey is different. It is normal to feel uncertainty and anxiety about career decisions at various points in life. While uncertainty can be scary and overwhelming for some folks, we're here to help students work through the ambiguity. We encourage them to be kind to themselves and remember that they have already made career decisions successfully in the past (finishing high school, choosing **TeachBahrain**) and will make many more career decisions in the future.

We believe that the best career is the one that makes an individual feel happy. We help our students start very young on our entrepreneurship program and even help some sell their products on our media outlets. Students at **TeachBahrain** start planning their careers as young as 7 and bring detailed career plans at 14. We have specialized career counselors providing their expert opinions on choosing universities, creating a subject mix, writing student statements, scholarship planning, and building career portfolios.

✔ Personality Test

Finding out the student's personality type provides us with an insight into their mind. An individual's personality speaks a lot about who they are and what they can become.

At **TeachBahrain** all students begin with taking a personality test to identify their possible areas of interest.

✔ Career Profiling

By assessing a student's likes and dislikes, and putting them at the center of the research, we can create a profile of the career most suitable for them.

✔ Research

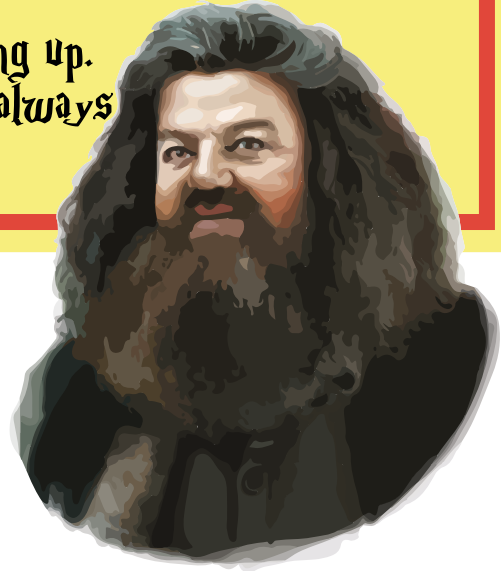

Many graduates start working in their field of choice only to find out it wasn't what they expected when they were cracking the books on the subject. That is exactly why we give all our students a minimum of 6 months to research every aspect of their future career and prepare a 10-minute presentation for their friends and peers to receive feedback.

**THERE IS NO MAGIC WAND THAT CAN
RESOLVE OUR PROBLEMS.
THE SOLUTION RESTS WITH OUR
WORK AND DISCIPLINE.**

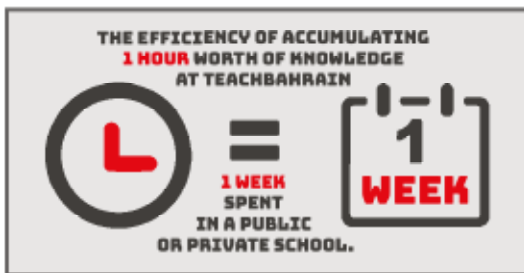

-Professor Snape ”

Our greatest weakness lies in giving up. The most certain way to succeed is always to try just one more time.

Happiness in Learning

A COMPLETE SET OF PROGRAM COMPONENT

TeachBahrain is more than a learning institute, it is a lifestyle. Student's come here to learn in a happy atmosphere that provides knowledge in a very creative and practical way. A typical student might spend an hour or two in classes and then go to the gym to workout with their friends, followed by a board gaming session in the game room and dinner at the cafe. We have successfully created a home away from home.

ACTIVE STUDENT INVOLVEMENT

Students are at the center of our organization and a monthly questionnaire collects their feedback on their experience. We value the suggestions provided by our learners and this is what makes us an ever-evolving institute.

**I TEACH
BAHRAIN**

H_2O

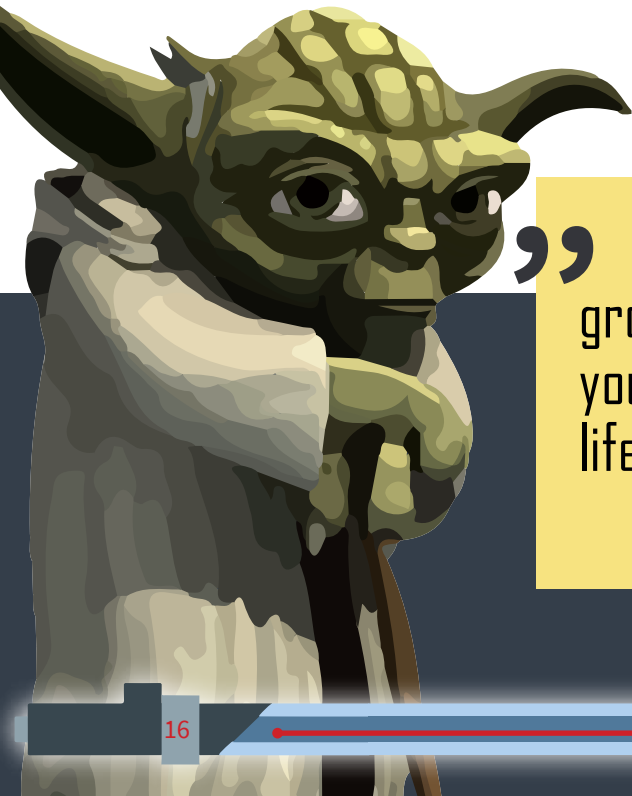

Tutoring

THE VOLUME OF SUBJECTS EXAMINED AT HIGHER, MIDDLE AND LOWER LEVELS OF LEARNING CAN PROVE OVERWHELMING WITHOUT THE RIGHT GUIDANCE.

We have the most qualified tutors, teaching with the highest degree of professionalism and patience assistance in exams and subject comprehension.

TeachBahrain is specialize in providing tutoring classes for Maths, English, Physics, Chemistry, Biology, and Computer Science. However, we feel proud in offering the highest range of subjects offered anywhere in Bahrain. Our tutoring practices exceed conventional teaching methods and begin with developing a strong foundation for every student. All students learn the practical application of academics.

- ✔ Offer one-to-one attention in a supportive and enjoyable environment, which means every question will be answered in more depth than may be possible in the classroom;
- ✔ Create an empathetic and fun environment which means the student will be motivated to learn;
- ✔ Teach learning skills, so that the student can learn to acquire knowledge seamlessly through using the modern tools available to them;
- ✔ Create a student-teacher bond so that the student can learn with complete independence and enjoy their experience;
- ✔ Have detailed, expert knowledge about the syllabus and requirements of the exam board that the student is studying;

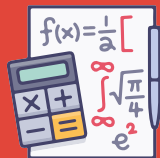

” Tutoring can nurture personal growth and confidence, ensuring that your child develops into a happy and lifelong independent learner.

USEFUL KNOWLEDGE

The lesson plans are designed to provide students with knowledge that can be applied. Our tutors teach students how their newly acquired skill set will benefit them in their future.

BUILDING A BASE

Our teachers begin with finding loopholes in the students skill set and begin bridging the gaps to build a solid foundation.

✓ CURIOSITY

Our tutors bring learning to life and help to ignite a student's passion, without focusing solely on the need to pass an exam. We want to create lifelong learners in students who are ready to learn and be open to ideas throughout both their school and adult careers.

✓ CREATIVITY

Creative learning has been shown to generate a deeper understanding of a subject, build new connections, and encourage students to think independently, and provide essential skills for developing happy, confident learners. Creative learning also encourages the development of so-called 'soft' skills, such as empathy, teamwork, initiative, and tenacity that the leaders of tomorrow require.

- ✓ Provide in-depth help with exam technique – a critical skill at this stage;
- ✓ Provide practical explanations of every concept the student learns;
- ✓ Teach time-management skills and how to prioritize subjects effectively;

LEARN NEW EXECUTIVE SKILLS IN TIME AND REVISION MANAGEMENT, EXAM TECHNIQUE, AND PRIORITIZATION WITH A DEDICATED STUDY SKILLS TUTOR.

Home Schooling

WE LET OUR STUDENTS START THEIR DAY COMFORTABLY, RATHER THAN FORCING THEM TO WAKE UP AT 4 AM FOR SCHOOL!

Students at TeachBahrain can choose to wake up early to spend time with their families, start a new reading habit, or even cook breakfast but it is not forced upon them.

We try to mimic real-life scenarios for the leaders of tomorrow.

A typical day at TeachBahrain:

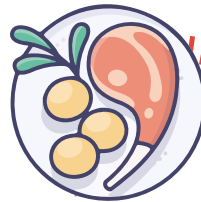

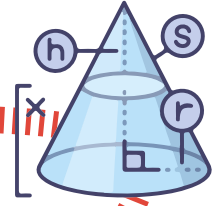

09:30 AM Students get picked up by TeachBahrain transportation service.

10:00 AM Students arrive for a CrossFit class with a personal trainer or choose to take dance/ yoga as their healthy activity for the day.

11:30 AM Students start their academic classes- TeachBahrain provides the highest range of subjects offered anywhere in Bahrain

12:00 PM Students can choose to prepare lunch in our onboard kitchen or just order food from our cafe.

01:00 PM Students enjoy a class in the cafe or return to the classrooms.

02:00 PM Students continue to take classes with specialized teachers using the best in-class visual and practical teaching methods.

03:00 PM Students have a life skill, personality development, career management, or a character-building class with our student counselor.

04:30 PM The transport service gets ready to take our students back home.

* This timetable is not fixed, and many other represented here. We are highly customizable and each student can design their daily schedule based on their requirements. Furthermore, many of our home schooled students choose to stay after school activities, and be part of our clubs.

Homeschooling is available in all GCC countries online, and physically in the Kingdom of Bahrain.

Guided Academic Hours

At TeachBahrain every student learns to acquire knowledge independently, this has led to the development of academic hours. All our students choose their goals early on during the academic year and based on their objectives the student counselor dedicates academic hours to each student.

During this time a student mimics the school environment in the comfort of their homes, the harder the goals the longer the hours. The guided academic hours are fixed, and students during this time learn to use modern tools at their disposal to acquire knowledge and build higher levels of focus.

For the majority of cases, homeschooling is provided for one term (3 Months) up to a full academic year, with the ultimate goal being students happily enjoying the repetitive nature of learning. Quite often, we find that it is the whole family – not just the student’s – life that is transformed.

Every Industry Has Evolved Radically In The Last Century While The Education System Has Remained Unchanged

No change in the schooling system in the past 100 years!

IS HOMESCHOOLING THE RIGHT CHOICE FOR YOUR CHILD?

✔ Want to excel at academics but are not getting the support they require in school; ✔ Do not find school to be a comfortable environment; ✔ Are not being challenged at school; ✔ Have trouble paying attention ; ✔ Wish to experience a different environment for academic, medical, social, religious and for a variety of other reasons.

What we Offer?

TeachBahrain offers home schooling for two different academic boards – the **American AP** system and the **British Curriculum**. Student support is offered from primary level to university entry for both tracks and includes preparation classes for various university-related entry tests such as **SATs, ACTs, TOEFL** and **IELTS**.

TEACHBAHRAIN VS. THE TRADITIONAL SCHOOLING SYSTEM

✔ TEACHING METHODS

Our teaching methods are very different to those of a traditional school. We provide a fun, safe environment that is conducive to learning. Our students enjoy what they learn and are free to select their own subjects based on their individual areas of interest. TeachBahrain also boasts a fully qualified and experienced faculty body that encompasses our beliefs, morals and values.

✔ CONTROLLED CLASSROOM SIZES

TeachBahrain limits classrooms sizes in order to provide students with individualized, focused learning. Teachers are able to effectively monitor and control student progress, address issues and eliminate barriers to learning.

✔ PERSONALISED EDUCATION

Every child learns at their own pace. It is fundamentally unfair to subject students to a one-size-fits-all system, especially when it comes to learning.

✔ INDEPENDENCE VS DISCIPLINE

We teach students to value learning by helping them discover their long term goals in life which leads them towards developing a strong work ethic.

- Finding Information
- Absorbing Information
- Using Information

✔ CAREER GOALS

We combine this with a personalized career management course that runs in parallel to the academic subjects, helping students to decide on the career pathway that they wish to pursue and devising a plan towards its actualisation.

✔ SCHOOL-LIFE BALANCE

School-life balance is vital for optimal academic functioning. Students often prioritise academics at the expense of personal factors, including relationships and self-care - leading to a decline in academic performance along with general health and well-being.

✔ PARENTAL SUPPORT

Parents are welcome to visit at any time and speak to the counsellors regarding their child's progress, voice any concerns and work together with the assigned team to enrich the overall learning experience.

✔ TEACHING STYLE

TeachBahrain faculty follow a mixed teaching style that promotes innovative and effective learning through friendly interaction and empowerment.

✔ ANTI-BULLYING STRATEGY

TeachBahrain has a strict zero-tolerance approach to bullying. Our counsellors work individually with each student to instill vital social and emotional skills, provide a restorative culture and model positive forms of communication, to combat bullying. This approach has proven to be highly effective amongst both our primary and secondary level students.

Online Schooling

Whether you are looking for a short or long-term learning solution for your child, we have the technology and tutors to support.

With schools now incorporating more technology into their teaching, computer-based learning is becoming an increasingly popular learning tool amongst students. So don't be surprised if your child is even more engaged in their online sessions!

The same top-quality tutors

Our tutors set the highest standards in their teaching, whatever the format of their sessions: their approach to online tuition – including planning and delivery – does not differ from that of face-to-face tuition.

Engaging

Gone are the days of pen-and-paper tuition! Online tuition – with its interactive functionality – allows for efficient and seamless collaboration by means of a virtual notebook, and advanced Remote Access to our applications.

Google Drive:

Where is the difference?

ONLINE VS FACE-TO-FACE

It's never been easier to receive quality tutoring from expert tutors through online tuition:

Students enjoy and are often used to working with ICT and social media. An online platform allows for efficient and seamless collaboration via GSuite

FLEXIBLE

- 01.** **Any time:**
Since your tutor doesn't need to factor in travel time, tuition can take place at any time of day, be it early or late.

Any place:
Based far out of Bahrain? Or do you spend the weekends in the countryside? Location is no longer an issue!

SAFE & SECURE

- 02.** The entire platform operates in secure HTTPS mode (the same as online banking services) and all audio, video, and text are encrypted.

ACCESS TO IN-DEMAND

- 04.** During busy periods, some of our best tutors can get fully booked for in-person tuition. However, they often have slots open for online tuition, since it does not require any travel time.

REVISION MADE EASY

- 03.** No more lost notes: everything that is covered in the session – including any resources shared – is automatically saved for later

Unfortunately, no one can be told what "The Matrix" is.

Exam Preparation Planning

WE ASSIST WITH:

- ✓ Entrance tests
- ✓ Final exams
- ✓ Mocks
- ✓ Highschool exams
- ✓ Regular tests
- ✓ Assignment Preparation
- ✓ Coursework Preparation
- ✓ University exams
- ✓ Language exams
- ✓ Resit exams
- ✓ Essay exams
- ✓ Multiple-choice exams
- ✓ Open-book and take-home exams
- ✓ Problem or case-based exams
- ✓ Oral exams
- ✓ Project-based exams
- ✓ Online exams

FINAL EXAM PREPARATION

Whether the student is preparing for IGCSE, A-Levels, BTEC, AP, IB, or SAT our teachers follow a goal-based approach to prepare students for the examinations. We start by completing the syllabus and dedicate at least 3 months to past paper practice to provide students with a strong exam IQ. Our students are confident during examinations because nothing comes as a shock, we mimic the exam environment and conditions at the academy to help students cope with exam-related stress and time-related issues.

✓ Entrance Exams

TeachBahrain can help ensure that students are ready to face the challenges of each stage of the entrance process from written exams to interviews.

✓ Performance

Exam performances depend on the student's time spent for preparation, the method used to study, way of answering, and their presentation.

✓ Specialization

Our tutors are subject specialists in English, Maths, Science, Verbal Reasoning, Non-Verbal Reasoning, etc.

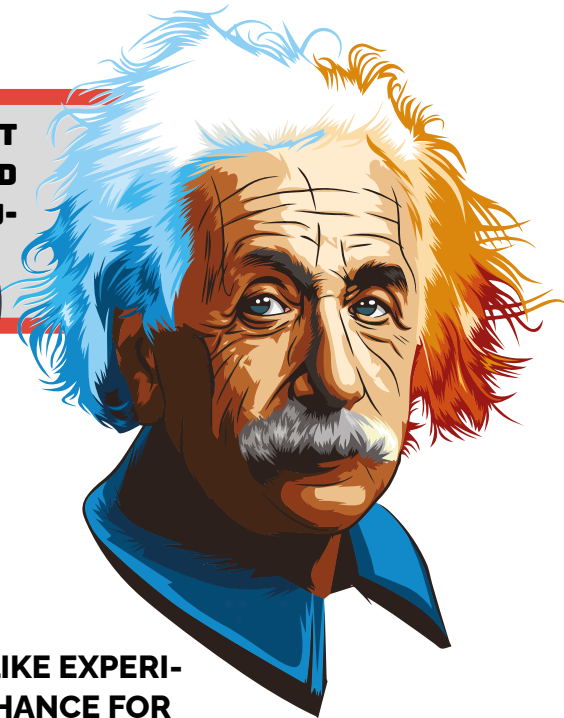

WHAT IS THE GREATEST GIFT ANY-ONE CAN RECEIVE IN THEIR ACADEMIC LIFE? THE CHANCE TO JUST ONCE, IN EXAMS, TO GO BACK AND MAKE A DIFFERENCE.

-DOCTOR STRANGE

”

PEOPLE LIKE US, WHO STUDY PHYSICS, KNOW THAT THE DISTINCTION BETWEEN PAST, PRESENT, AND FUTURE IS ONLY A STUBBORNLY PERSISTENT ILLUSION.

”

Albert
Einstein

Boarding School

OUR BOARDING SCHOOL CREATES A UNIVERSITY-LIKE EXPERIENCE FOR STUDENTS AT HOME AND PROVIDES A CHANCE FOR STUDENTS TRAVELING FROM ABROAD TO EXPERIENCE TEACHBAHRAIN. OUR STUDENTS LEARN TO EXPERIENCE LIFE IN COMPLETE FREEDOM AND LEARN TO MEET DEADLINES WITHOUT ANY PARENTAL SUPPORT.

THE BARN CAFE

Our living quarters are comfortable and customizable, we also host a gym, cafe, and a gaming room on campus. Students can also access a kitchen to cook for themselves, socialize with other students at the academy and use the driving service to go outside.

Living at TeachBahrain gives students a chance to blend in with the TeachBahrain family- the staff, the teachers, the students, it's an experience. The students boarding with us learn our philosophy first hand and get to experience the most out of TeachBahrain.

Counseling

Lack of focus, poor time management skills, losing interest in hobbies, weak work ethic are only a few of the many problems that plague students these days. TeachBahrain counseling counters the effects of these issues by providing structured courses and one-on-one counseling sessions for the areas mentioned below

Life Skills

Time management, finance management, work ethic development, health, and wellbeing.

Personality Development

Understanding emotions and habits; developing mental strength, confidence, focus, and patience.

Character Management

Rationality, spirituality, honesty, justice, altruism, clemency, self-control, and delayed gratification.

Current Issues- social media, addiction, depression, ADHD, anxiety, and other major problems with the human psyche.

Our counselors are vital members of the education team. They help all students in the areas of academic achievement, career, and social/emotional development, ensuring students become the productive, well-adjusted adults of tomorrow.

Psychological and educational support aims to help students fulfill their developmental potential and create conditions for their active and full participation in the life of their school or social environment.

Extracurricular Clubs

TEACHBAHRAIN HAS A COLLECTION OF 150 BOARD GAMES ON CAMPUS, TO HELP STUDENTS SOCIALIZE, STRATEGIZE, AND LEARN ABOUT COOPERATION, TEAMWORK, AND PROBLEM-SOLVING.

Board Game Club

- ✓ Playing board games brings people closer, strengthens relationships, and can help you meet new people.
- ✓ Playing board games is a perfect opportunity to connect and open up; it also helps to display a creative side of personality in non-intrusive ways, which can be beneficial for quiet individuals.
- ✓ Board games are an amazing tool for shy children and timid adults. Playing helps them to develop stronger senses of individuality and creativity.
- ✓ This leads to greater self-esteem and a feeling of being included and noticed.

Book Reading Club

- ✓ Our reading club will help students expand their horizons and open their eyes to topics that they would otherwise easily ignore.
- ✓ We have intense discussions on the state of our society today, which helps students read more deeply and better understand diverse perspectives.

Debate Club

- ✓ Our debate club helps students develop critical thinking and analytical skills.
- ✓ Debate fosters an ability to think on one's feet and to formulate a well-supported argument for issues. Mock Trial teaches students legal procedures and research skills.
- ✓ This, in turn, increases their logic, cognitive abilities, confidence and builds their personality.
- ✓ Public speaking is a critical aspect of many careers and our debate club prepares students to cope with failure and embarrassment which is a very important part of life.
- ✓ The result- an individual capable of adapting to any situation.

Writer's Club

- ✓ Our club is a one-stop-shop for struggling writers, providing them with motivation, inspiration, constructive criticism, guidance, support, and encouragement.

Being part of our writer's club gives you a direct chance to publish your work on the TeachBahrain blog!

Tour Around the World with TeachBahrain

”

TeachBahrain tours take place once a year during the summer months, in a nutshell, they give students the chance to travel with their friends and explore different parts of the world.

Unlike other institutions that make their students go on a trip scheduled by their management, TeachBahrain allows the students to form a travel committee during the year and decide the destinations of their trip.

A budget plan is presented to the guardians for approval and the trip is then organized.

**TeachBahrain also selects a few destinations to add an element of learning to the whole tour.*

Special Needs

WE ARE TRAINED TO ASSIST CHILDREN WITH SPEECH AND LANGUAGE IMPAIRMENT, MEMORY DIFFICULTY, ARITHMETIC, READING AND WRITING DISORDER, SPELLING AND AUDITORY PROCESSING DISORDERS, SOCIAL CUES DISORDER, ETC.

At our learning center, our tutors understand that learning disabilities are complex and go beyond the stereotypical perceptions of the disorder as simply reading difficulties, or letter reversals. They vary considerably, both in terms of the functions they impact and the severity of the impact experienced. The appropriate accommodations depend upon the individual's strengths as well as his or her specific difficulties.

When teachers differentiate instruction, they provide students with the structures to maximize strengths, work around weaknesses, and experience timely remediation. This enables students to take advantage of effective learning strategies as they begin to understand their learning styles, interests, needs, and engage with their learning. As a result, student motivation increases.

SOME OF THE DISORDERS WE DEAL WITH:

- ✔ Dyslexia
- ✔ ADHD
- ✔ Down Syndrome
- ✔ Depression
- ✔ Anxiety

”

“One, remember to look up at the stars and not down at your feet. Two, never give up work. Work gives you meaning and purpose and life is empty without it. Three, if you are lucky enough to find love, remember it is there and don't throw it away.”

- STEPHEN HAWKING
DIRECTOR AT THEORETICAL COSMOLOGY
AT THE UNIVERSITY OF CAMBRIDGE

TEACHi
BAHRAIN

British Schooling

Why the British Curriculum?

Sets out the most important knowledge and skills that every child needs and ensures a lifelong love for learning.

Perfect for students who wish to travel to the UK or any European country for their further education.

Learning is done in a fun and interactive environment, our IGCSE & A-Level courses are designed to encourage an intrinsic love of learning, rather than the forced, conventional approach to teaching.

IGCSE

AS & A-Levels

BTEC

IELTS

✓ **IGCSE**

(International General Certificate of Secondary Education) is ranked as one of the most recognized qualifications worldwide. In Bahrain IGCSE courses are renowned for developing dynamic educational skills, as well as a recall of knowledge, speech skills, problem-solving, creativity, cooperation, and analytical skills. We have packages that range from 1, 3 & 6 month courses in Bahrain with a mix of science or business subjects, however, at TeachBahrain students can access subjects not offered anywhere else in Bahrain.

✓ **AS & A-LEVELS**

A-level is the second of three standardized British examinations in a secondary school, A Levels are subjects that people usually need to take up if they want to advance to a university.

AS level is a British exam standard amongst GCSE/IGCSE and A level, which permits more subjects to be studied than that which is likely at A level because less information is needed to be learned for it. Students then take A2 exams, usually a year later, which when composed together make a full A-level qualification.

✓ **BTEC**

BTEC stands for the Business and Technology Education Council. A BTEC is a qualification that's based on practical study rather than academic study. ... In fact, you can do them alongside your GCSEs and/or A-levels, or you can do a standalone BTEC at college or university.

✓ IGCSE and GCSE Exams are preferred by most top independent schools globally, usually as a more challenging and more improved preparation for A and AS levels.

✓ Better than most IGCSE & A-Level Schools in Bahrain TeachBahrain equips learners with the skills and tools necessary for further independent study, and combines academic theory with real-life application techniques.

✓ Learning is done in a fun and interactive environment, our IGCSE & A-Level courses are designed to encourage an intrinsic love of learning, rather than the forced, conventional approach to teaching.

✓ IGCSE courses typically take three years to finish and exams are taken at the end of that period, although in TeachBahrain we can complete it within one year.

✓ Examinations are usually held in the months of May/June and Oct/November each year with results issued in August and February respectively.

✓ Students must enter for IGCSE through a registered CIE Centre.

Educational Boards

CIE (University of Cambridge International Examinations)

AQA (Assessment and Qualifications Alliance)

Pearson Education is a British-owned education publishing and assessment service to schools and corporations, as well for students directly.

OFQUAL (The Office of Qualifications and Examinations Regulation)

Edexcel regulates school examinations under the British Curriculum.

American Schooling

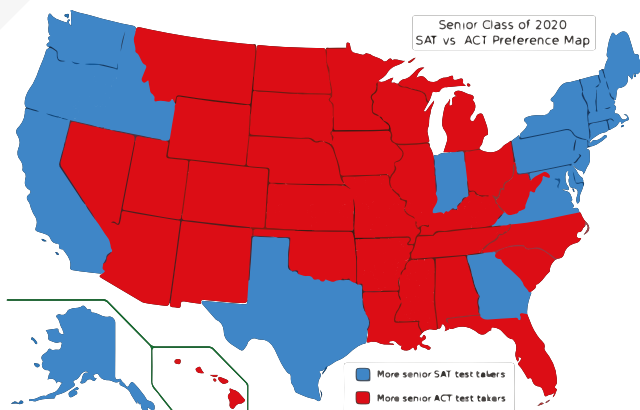

World Wide Possibilities!

Most suitable for students planning their higher education in North America (Canada & US)

With proper guidance, we aim to unlock student's potentials with a fun and interactive learning environment, prepare students for university, and at the same time build respect, and intercultural understanding.

Our institute is keen to set a high-quality standard of training and tutoring, more than that of normal schools, and we emphasize creative and critical thinking, we take time to teach individual students to adapt and be responsible for independent studying, and picking key topics to work with, with their interest of study to prepare them for their AB, IB and GED examinations.

We also offer SAT & ACT courses, to further prepare students for University and Collegiate understanding.

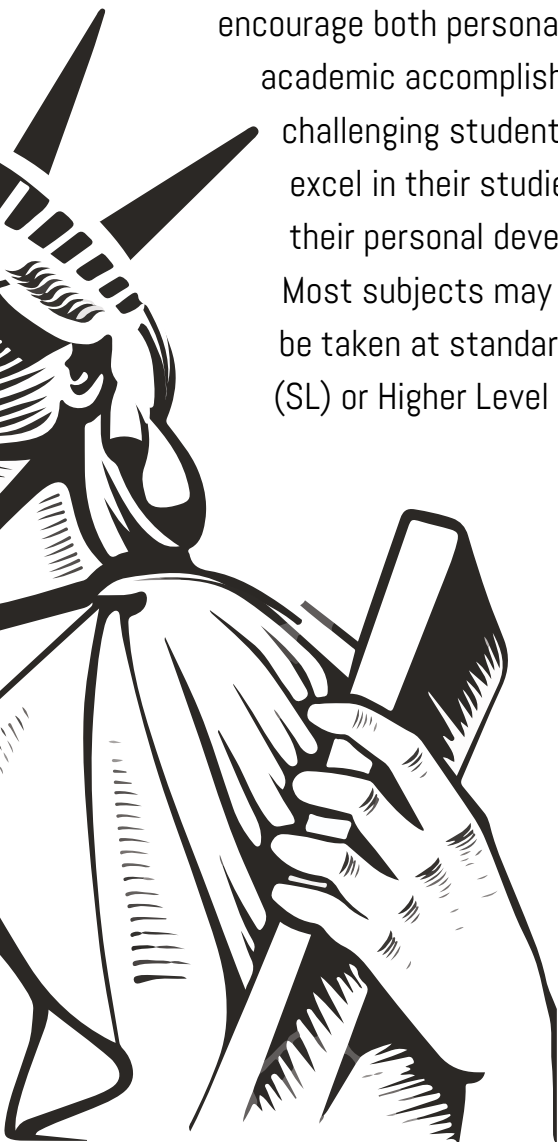

AP

Some 4,000 public and private college introductory schools worldwide grant International Baccalaureate (IB) diplomas, which are the culmination of a difficult four-year curriculum and two weeks of standardized testing in May of senior year. While an IB diploma can lead to advanced placement at some colleges, IB exams don't replace SAT Subject tests (or the SAT, for that matter). Make sure to schedule SAT Subject tests as corresponding IB, AP, or honors courses are finished. For Exam dates please check local exam centre schedules.

IB

The International Baccalaureate (IB) is a sector in education which offers a field of international schooling. The programs encourage both personal and academic accomplishments, challenging students to excel in their studies and in their personal development. Most subjects may either be taken at standard level (SL) or Higher Level (HL).

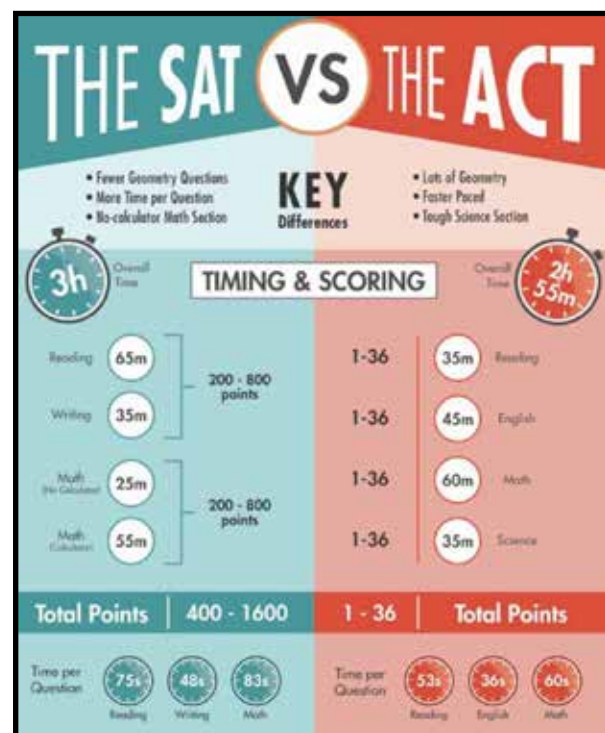

GED

General Education Development
High School Equivalency Diploma

More than 17 million people have received a GED Credential since the program began in 1943. Individuals who have not received their high school diplomas may take the GED tests. The GED Exams contain five subject area tests: Language Arts/Writing, Language Arts/Reading, Social Studies, Science, and Mathematics. Numerous government institutions and universities repute the GED as the same as a high school diploma with respect to program eligibility and as a requirement for admissions. For Exam dates please check local exam centre schedules.

SAT & ACT

ACT/SAT scores are used to supplement the secondary school record and help admission officers put local data—such as course work, grades, and class rank—in a national perspective. The combination of high school grades and SAT/ACT scores are the best predictor of a student's academic success in college.

Junior School

TEACHBAHRAIN PROMOTES HANDS-ON, SELF-PACED, COLLABORATIVE, JOYFUL LEARNING. CHILDREN FOLLOW THEIR INTERESTS, WHEREVER THAT PASSION LEADS; GIVING THEM STRONG ACADEMICS, LEADERSHIP, SELF-DISCIPLINE, RESPONSIBILITY, INDEPENDENCE, INITIATIVE, AND A LIFELONG LOVE OF LEARNING."

Children are innately interested in learning about the world around them and through their natural curiosity can develop themselves. By providing an environment that supports natural development, our education enables children to develop the fundamental capacities that they need to become happy and fulfilled adults who contribute to society.

OUR ENVIRONMENTS ENCOMPASS THE FOLLOWING PRINCIPLES

- ✔ Mixed-age groups which not only offer a wide range of activities to spark children's interest but also enable children to learn from others and learn by helping others.
- ✔ Freedom for children to work at their own pace, without interruption, choosing from a range of activities that are developmentally challenging and appropriate.
- ✔ Exploration is encouraged so that children find things out for themselves, make mistakes, and correct them independently.
- ✔ Respect for each child as an individual personality with unique talents.
- ✔ Respect for others, the community, and the environment.

Middle School

HAVING A HAPPY, HARMONIOUS, AND HEALTHY STUDENT AND MAKING THE LEARNING ENVIRONMENT A MORE EQUITABLE PLACE IS WHAT WE STRIVE FOR.

Students at TeachBahrain usually start school anywhere from 9:30 to – 9:45 AM. Research has shown that early start times are detrimental to students' well-being, health, and maturation. We start the day later and usually end by 3:30 – 4:00 PM. We have longer class periods and much longer breaks in between. The overall system isn't there to ram and cram information to the students, but to create an environment of holistic learning.

There are fewer teachers and students here. You can't expect to teach an auditorium of invisible faces and breakthrough to them on an individual level. Students here often have the same teacher for up to six years of their education. During this time, the teacher can take on the role of a mentor or even a family member. During those years, mutual trust and bonding are built so that both parties know and respect each other. Different needs and learning styles vary on an individual basis. Teachers can account for this because they've figured out the student's own idiosyncratic needs. They can accurately chart and care for their progress and help them reach their goals. There is no passing along to the next teacher because there isn't one. Less stress, less unneeded regimentation, and more caring. Students usually only have a couple of classes a day. They have several times to eat their food, enjoy recreational activities, and generally just relax. Spread throughout the day are 15 to 20-minute intervals where the kids can get up and stretch, grab some fresh air and decompress.

- ✓ We offer a wide array of subjects and employ the best in class practical and visual learning techniques.

Languages

AT TEACHBAHRAIN, WE TEACH LANGUAGE THE WAY IT IS MEANT TO BE TAUGHT- PRACTICALLY;

” DO YOU WANT TO GET BETTER AT **READING AND WRITING?**

DO YOU WANT TO GET BETTER AT **LISTENING AND SPEAKING?**

How did we learn our mother tongue and how did we become so fluent with it?

Through repetition and consistency

We believe that human beings are very adaptable organisms, and by changing the overall environment of the student, they can achieve better results. If a student wants to improve their English then they would highly benefit from an English speaking environment.

Our tutors assign reading, listening, speaking, and writing tasks in the language the student wants to improve; *which makes us the most efficient institute in Bahrain.*

ENGLISH LANGUAGE PREPARATION COURSES IN BAHRAIN
PASS YOUR IELTS EXAM FAST!

IELTS & TOEFL TRAINING CENTER

✓ As an IELTS coaching institute, our private tutors are dedicated to giving excellent IELTS exam preparation & training in Bahrain, to equip students to enunciate and sound like native English speakers by working intensely on vocabulary, grammar, pronunciation, and conversational skills to pass their IELTS examinations and to ultimately use for general and academic English. The IELTS test we prepare for are under the British Council, we carefully review conversational techniques, including classes on the English accent, using phonology, contractions, phrasal verbs, and idioms through short language courses.

✓ We incorporate reading, listening, and writing skills into the lessons for essays, C.Vs, application forms, interview preparation, and reports, as well as giving out relevant homework and useful learning materials.

✓ Classes at our institute are creative and fun, designed to increase skills and confidence, making speaking English easy. Our aim is for students to progress quickly, learn English, and become fluent English speakers.

✓ Get ready to learn IELTS, TOEFL, TEFL, TOEIC, CAE, FCE & Spoken English Courses in Bahrain.

TESTIMONIALS

Nic Scerri, former GCSE Student
St. Christopher's School - Bahrain

TeachBahrain is an amazing academy where everyone really knows how to get the best out of the students. They put in effort that teachers wouldn't even dream of putting in, with working ridiculous hours and will do anything to see their student succeed and pass with flying colors. Teachers will also warm up to you and help you with anything as a friend which gives them that special bond with his students. They are prepared to work at really early hours or extremely late hours depending on what his student wants.

They are funny and kind, and gives have to love Saad he's such a nice guy with amazing teaching skills and always gets the best out of his students. I would highly recommend Saad to anyone who needs a tutor.

TeachBahrain - a bank of knowledge. Not only as a tutor, a very hard working, friendly tutors that cares for his students' best. TeachBahrain Tutors are with a friendly attitude and atmosphere, and that is what helped me progress in my revision. Any subject that I required help in, They knew it all. With all honesty, they are the best tutor and you will get amazing results out of them and you'll definitely reach your goal. They always go along with what's comfortable with this student, study approach, timings etc. and always motivates you to go further, in order to achieve success. My times with TeachBahrain were very productive and got massive amounts done in just a month, isn't that incredible? That's why TeachBahrain is the best, and they works very hard for our success, and gets very happy with our progress and results. They are the best choice for a tour without any hesitation. Study times with them are never a waste; always so productive and enjoyable.

Bader Al-Sarraf, Former GCSE Student
St. Christopher's School - Bahrain

TeachBahrain is a tuition provider like no other, they give you a fruitful mix of fun and study. When you're in school you do get bored, but when you're in TeachBahrain, you'll want to study. All I have to say is, take a free trail and you won't regret it.

Fadi Tariq, Homeschooling Student
TeachBahrain Academy

TeachBahrain has given me exactly what I need. I have never felt so happy and fulfilled as I do now. It doesn't only teach us academically, but also encourages us to be social. The location is fantastic with easy access to parking.

Mae, GCSE Student
TeachBahrain Academy

Ebrahim - GCSE STUDENT
TeachBahrain Academy

The academy teaching is unreal, it's like tutors are your best friend and your teacher at the same time. They taught me techniques that I would use over a lifetime to improve my case studies. I would recommend them to anyone. Best tutors ever. I have never learned so much in only three months and had an amazing time studying. The teachers are good.

It's a good environment to learn as well as have fun. I used to struggle with exam technique in Science and Economics as it's my first year of IGCSE. TeachBahrain really helped me understand and achieve my targets.

Bhaarti, IGCSE Student
TeachBahrain Academy

Aliya, GCSE STUDENT
TeachBahrain Academy

I've been attending this academy for the past 1 year and it has helped me tremendously. They provide you with every resource and also help you excel in your weak subjects. I had TeachBahrain as my first tutoring academy center and they were very sweet and encouraging. Now, I am studying fun and motivation gifted to me the best teachers you could ask for.

CreateBahrain seeks to give students an experience of reality. We procure projects from real clients in Bahrain and let our students get a real-time vocational experience of working on real projects.

Each student enrolls in a program of their choice and completes basic training, after which they join a team working on a real project to enhance their skills.

CreateBahrain offers students a chance to face the pressure, stress, and deadlines of real life. Students who work with us become confident, co-operative, skilled, calm, and punctual individuals fit to collaborate with creative people from all walks of life.

Want to have a strong work ethic?

Want to have a skillset you are proud of?

Want to work on a real-life project while you are still at school?

Want to experience what it feels like to work in a field you want to join in the future?

”

“IMAGINATION IS MORE IMPORTANT THAN KNOWLEDGE. KNOWLEDGE IS LIMITED. IMAGINATION ENCIRCLES THE WORLD.”

CreateBahrain gives you a chance to create whatever you want without any judgments, work with a team that knows how to put your skills to good use, and get a head start on your future career.
